

Creative Homework #3!

Creative homework is topic-based homework that children can complete in any way they prefer to. This helps to develop children's creative skills, motivate them and inspire them into becoming independent learners. **Homework can be brought into school after the Easter break - April 11th.**

Thank you, Miss Atkinson (Y1 teacher).

Calling all creative brains!

The challenge is to create anything at all about...

books!

This can include stories, non-fiction or poetry.

Remember, it is entirely up to you what you create!

Be as creative as possible!

So far our creative homework has been a real success. We have had some amazing creations brought into school. Keep it up! 😊

A menu of creative activities which you and your child can do together:

- Interview a family member about their school days, work, play, food etc.
- Pack a suitcase together to 'move away' - if you could only take five things what would these be and why?
- Take inspiration from a loved story and recreate it in your own creative way!
- Sketch each other using Picasso's artwork as inspiration.
- Set up your own family museum and then take a tour together!
