

Year 1 Creative Homework #4!

Creative homework can be brought into school at any time up to the Easter break.

This time the challenge is to create anything at all which answers the question...

What makes the Earth happy or unhappy?

As always, the question is open-ended which means that there is **no right or wrong answer!** Though if you would like some inspiration, then please use the following prompts to help you:

- What do humans do that causes problems to our planet?
- How can we protect our planet?
- Where are the hot and cold places on the Earth – what makes them the same or different/how do people survive there?
- Why is it important to recycle?
- What does reduce, reuse and recycle mean?
- Are animals in the environment happy?
- If we all did a little, does that mean that together we can make a big difference to the planet?
- Can we make the Earth happier?
- Do we do enough for the environment?

Children will have the opportunity to show and tell others about their creative homework and will receive some well-earned smiley points and a postcard home to celebrate their success. Good luck! Miss Atkinson ☺
