

Maths

Throughout the week a variety of mental maths skills will be developed and need to be practised at home.

Please see the list below to help support your child.

- Counting in steps of 10, 5, 3, 2 and 1 from 0 (see extra sheets).

- Recalling the multiplication and division facts for the 10s, 5s and 2s.

- Recognising odd and even numbers to 100 and above.

- Read, write, order and compare numbers to 100 and above.

- Knowing 1 more or less than any number to 100.

- Understanding the place values of 2 digit numbers (23 – 2 tens and 3 ones).

- Using and understanding the signs $<$, $>$, $=$, $+$, \times , \div and $=$.

Literacy

- Use letter sounds and names.

- Form all letters correct and position them carefully on the line (see extra sheet).

- Say and record the alphabet.

- Punctuate all sentences with a capital letter.

- Use full stops, question marks and exclamation marks (extra notes to follow soon).

- Use the four sentence types (extra notes to follow soon).
