

Dear Parents and Carers,

Welcome back! We hope you have had an enjoyable summer and that the children are ready to start their new topic 'Marvellous Me'.

We will be finding out how to have healthy teeth and bones, about healthy foods and exercise. We will explore this theme through fiction and non-fiction books and through a range of activities and discussions as well.

UFS reading records and reading book - Please read with your child every night and write a comment in their book. Children who read every night will go into a monthly draw to win a trip to the book shop!

LFS: Books are available to take away and share with your child. Signing them out is easy and it will give you a chance to talk about the pictures, what may happen next, the characters in the story and the settings. You will receive a stamp each time you take a book and once you have filled your reading passport you will receive a voucher for the Chaloner School book shop!

"Show and Tell" is every Friday for UFS and we ask that toys are kept at home all other days.

Thank you for your support! The EYFS Team

Communication, Language and Literacy

The children will begin their Phonics work this half-term which will include listening games, songs and activities. We will continue to provide opportunities for purposeful mark making within the areas, also recognising and writing our names.

Through our Literacy activities, all children will have daily opportunities for listening to stories, talking about characters, sequencing stories and making predictions about stories. We will use a range of texts this half term including: My family, I am Special, My home, My senses, Similarities and differences, and Looking after ourselves.

CHALONER PRIMARY

Early Years Foundation Stage Topic Letter

This half term's topic is: **Marvellous Me!**

Maths

In our maths sessions, children will learn to count using number names in the correct order, recognise numerals and work with 2D shapes. We will be looking for children to be using mathematical language in their play also!

Physical Development

UFS will begin weekly PE sessions that will focus on music and movement. The children will also be participating in Yoga sessions this term. Please remember to send in a named PE kit. These can be kept at school for the term on the child's peg. Outside we will continue to work on team games. LFS will focus on their motor movements to develop a range of travelling techniques. All of the children take part in exercise at the beginning of each day. Smaller motor activities will include a range of daily activities that will develop our fingers and get us ready for writing! Our climbing frame outside is also developing confidence, strength and balance on this equipment.

In **PSED** (Personal, Social and Emotional Development), we will focus on sharing, taking turns, playing well together and looking after ourselves. We will continue to develop new friendships and work with others within the areas.

Understanding of the World:

Children will have many opportunities to talk about themselves through the use of their "Summer books" and through weekly opportunities for "Show and Tell". Children will be encouraged to talk about their family and things that interest them. The children will have opportunities to use desktop computers, interactive whiteboards and ipads every week.

We will also explore various fruits and vegetables.

Expressive art and Design:

The children will have creative opportunities daily to explore the topic this term. Through paint, play dough, glue and other media, children will explore and expand their knowledge and understanding of themselves by making self portraits and skeletons!
